QuickBooks – Zoho Desk Extension: User Manual

1. Overview

QuickBooks is set of software solutions designed to manage payroll, inventory, sales and other needs of a small business. The software's features include marketing tools, merchant services, product and supplies, training solutions. **QuickBooks Extension** is a Zoho Desk Extension developed by Tiara, a Zoho Alliance Partner, and available in Zoho Marketplace for all Zoho users to deploy as an extension for Zoho Desk.

Using this extension, Zoho Desk users can easily manage their QuickBooks services such as managing the time-based service for each ticket using Zoho Desk Ticket/Task Time Entry within Zoho Desk.

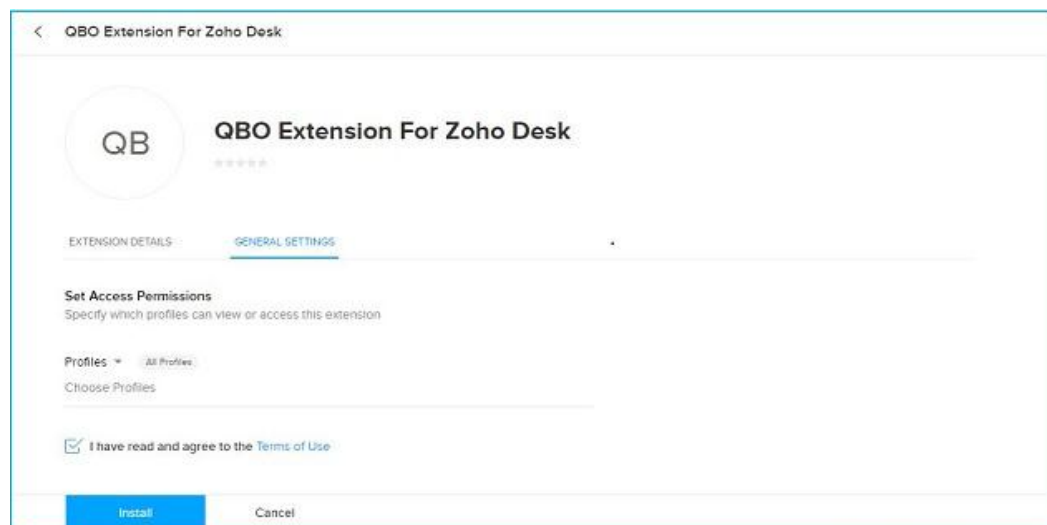

This User Manual document provides step-by-step instructions to install this extension from Zoho Marketplace, how to configure and use the functionalities within your Zoho Desk account.

1.1. Install the QuickBooks to Zoho Desk Extension

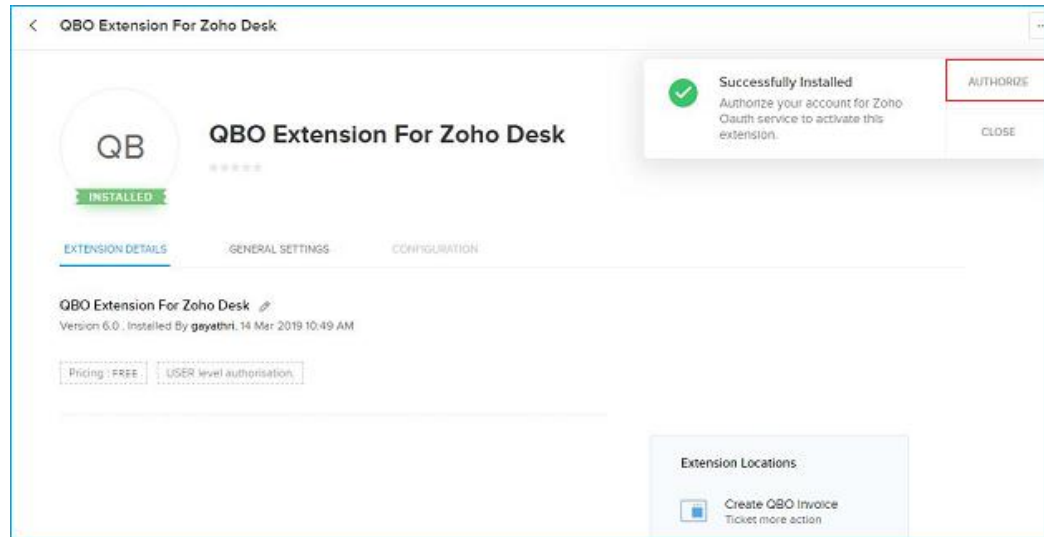

Go to [Zoho Marketplace](#) and search for “QuickBooks” to locate the extension and install directly from the Marketplace. Alternatively, you can install the QuickBooks extension by logging in to your Zoho Desk account and follow the below installation instructions.

To install the QuickBooks to Zoho Desk Extension from within Zoho CRM:

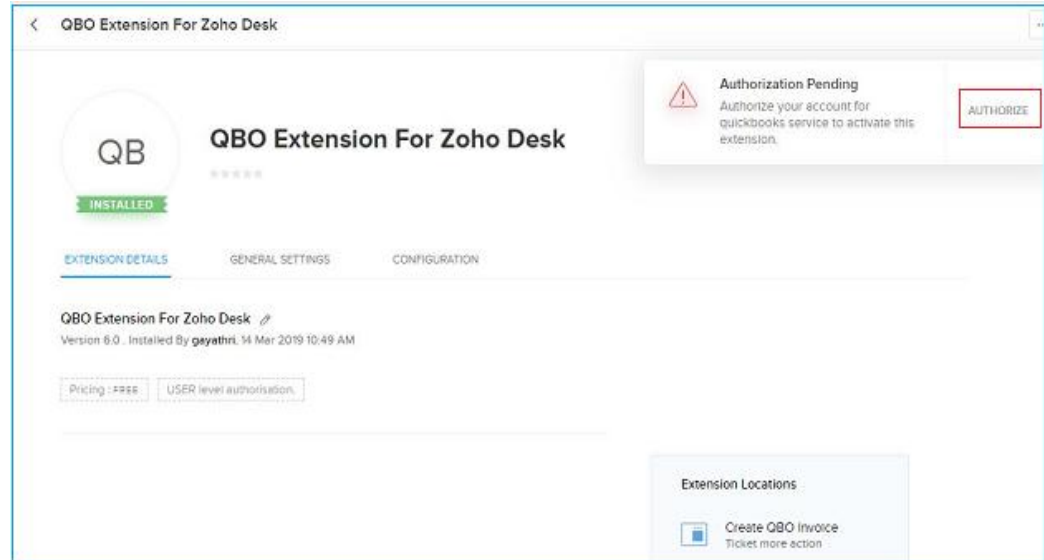

- ❖ Go to **Setup > Marketplace > All**. By default, all the Zoho extensions currently installed within your Zoho Desk account are listed. Go to **“All Extensions” tab** to view all available extensions.
- ❖ Click **All Extensions**, browse/search for **QuickBooks**, locate (see screenshot below) and then click the extension. The details about the extension will be shown as per screenshot below.
- ❖ Select one of the Profile of Users and select department for whom you want to install the extension.
- ❖ Click **Install** button.
- ❖ Make sure you check the “Agree to the **Terms of use**” checkbox and click **Install**.

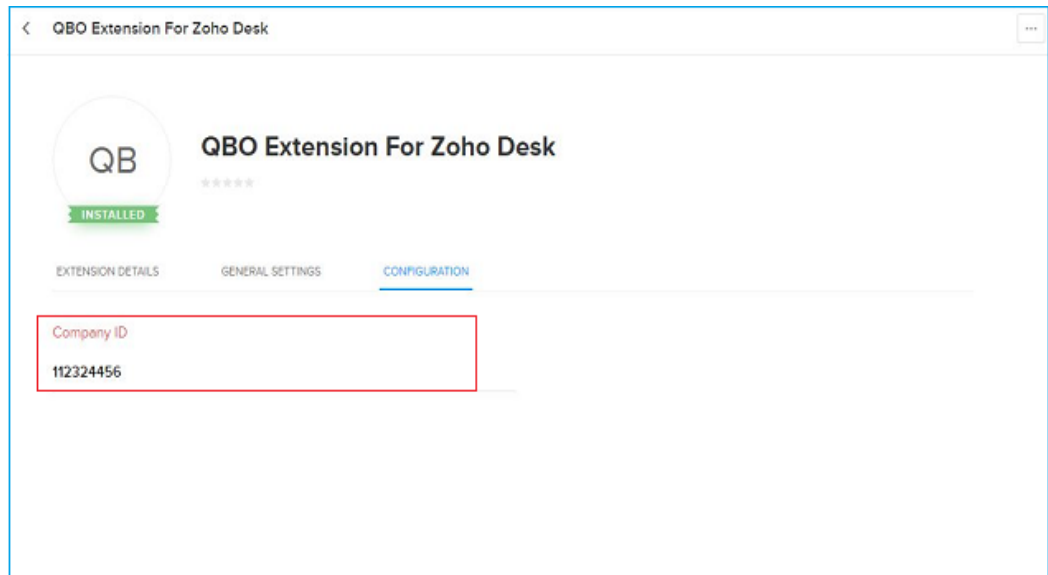

- ❖ After installing the extension, click 'Authorize' button to authorize the Zoho Desk account.

- ❖ After authorizing your Zoho desk account, click 'Authorize' button to authorize the QuickBooks account. Once authorizing both Zoho Desk and QuickBooks account, the extension will be activated.
